

2005 Annual Report

# **DELAWARE DIVISION OF FISH AND WILDLIFE ENFORCEMENT SECTION**

## **2005 ANNUAL REPORT**

**AN INTERNATIONALLY ACCREDITED  
LAW ENFORCEMENT AGENCY**

**A Division of the Department of Natural  
Resources and Environmental Control**

Page

## **INTRODUCTION**

The 2005 annual report catalogues the activities of the men and women of the Division of Fish and Wildlife's Enforcement Section. The Enforcement Section of the Division of Fish and Wildlife received re-accredited status from the Commission on Accreditation of Law Enforcement Agencies, Inc. in 2005. It was originally accredited in 1994. Currently it is the only Natural Resources law enforcement agency accredited.

Documented within this report one will find agency statistics on our Boating Safety and Education program, enforcement statistics related to our resource protection activities and public safety services, Search and Rescue activities, Boating Accident statistics, Boat Registration statistics, and other items of interest to the Enforcement Section.

# Personnel

## **New Hires**

There were two new hires for 2005. Scott Hurd was hired to fill a vacancy in Sussex County and Ian Thompson was hired to fill a vacancy in Kent County. In addition, the enforcement section mechanic Dave Ptak, who had been a Reserve Agent, was changed to Corporal (Skill Building).

## **Promotions**

In 2005, the pay for performance plan and promotional standards continued into its eighth year with the enforcement agents of D.N.R.E.C. The plan called for agents to complete tasks within a matrix for each enforcement rank to advance within their rank's performance levels. Each rank has a skill building, full performance, and expert level.

The following agents were promoted in 2005:

CPL (SB) Drew Aydelotte promoted to Cpl. (FP)  
AFC (FP) Nick Couch promoted to AFC (EX)  
Captain (SB) John Hennessey promoted to Captain (FP)  
Trainee Brian Pollock promoted to AFC (SB)  
Trainee Ian Thompson promoted to AFC (SB)  
SGT (SB) Troy Trimmer promoted to SGT (FP)  
CPL (EX) Thomas Penuel promoted to SCPL (SB)  
Trainee Gavin Davis promoted to AFC (SB)  
SGT (SB) Robert Legates promoted to SGT (FP)  
SGT (SB) John Webb promoted to SGT (FP)  
AFC (FP) John McDerby promoted to AFC (EX)

## **New Assignments**

There were no new assignments this year.

## **Retirements**

There were no retirements in 2005.

## **2005 Enforcement Awards**

**Marine Officer of the Year**

Thomas B. Penuel

**Shikar Safari International Award**

Casey L. Zolper

**Conservation Law Enforcement**

Chief's Assn. Award

Nicholas A. Couch

**National Turkey Federation Award**

Nicholas A. Couch

**INTERNAL AFFAIRS SUMMARY REPORT**

Report Period: 1/1/2005 to 12/31/2005

Cases pending from 2004: 0

Cases received for 2005: 1

Cases changed to lesser charges: 0

Dispositions -	Sustained (Criminal):	0
	Sustained (Non-criminal):	0
	Not Sustained:	0
	Exonerated:	1 ( abuse of authority, Juvenile procedures)
	Unfounded:	0
	Dropped:	0
	Policy Failure:	0

Cases pending at end of 2005: 0

# Goals and Objectives

## **Delaware Division of Fish and Wildlife Enforcement Section Goals and Objectives 2006**

### **1. Mission Statement**

- Goal:** Department/Division/Section employees, the general public and other government entities will become familiar with the Enforcement Section's updated Mission Statement.
- Objective:** To promote the Enforcement Section's updated Mission Statement to reflect current duties and responsibilities.
- Action Plan:** Provide the Fish and Wildlife Advisory Council with a presentation on the Enforcement Section's updated Mission Statement and Strategic Plan. Include the Leaps Philosophy in all of the Division's publications, such as the Hunting Guide, Outdoor Delaware, Boater's Guide and post the updated Mission Statement on the Enforcement Section's website. All time and energies of each enforcement agent should reflect the different facets of the "Leaps Philosophy."

### **2. Identity Crisis**

- Goal:** Department/Division/Section employees, the general public and other government entities will have a clear idea of the duties and responsibilities of the Enforcement Section.
- Objective:** To provide Fish and Wildlife Agents with a clear idea of what their duties and responsibilities are and what is expected from each pay grade/rank. To ensure the Enforcement Section's mission is clearly relayed to the public and other government agencies while providing environmental education programs.
- Action Plan:** Provide public outreach programming while promoting the agency. Each agent will receive an updated copy of the Enforcement Section's Strategic Plan emphasizing the importance of projecting a positive public image.

**3. Collateral Duties**

- Goal:** The Enforcement Section will identify and define each collateral duty assignment.
- Objective:** Each county will identify and assign collateral duties needed in the operational plan of the county.
- Action Plan:** Review each collateral duty needed on a county basis to ensure all operational needs are met. Review the agents' Competency Based Pay Matrix requirement for collateral duty assignment. Provide collateral duty training before agents are assigned. The Enforcement Section will perform a yearly review of all collateral duties.

**4. Seasonal Agent Program**

- Goal:** To recruit and train seasonal fish and wildlife agents to augment the full-time Enforcement staff.
- Objective:** To successfully recruit and train seasonal fish and wildlife agents who seek a future in Fish and Wildlife Enforcement.
- Action Plan:** Update and distribute the Seasonal Fish and Wildlife Agent Administration Manual and Standard Operating Procedures to ensure uniformity throughout the State. Develop recruitment/hiring plan.

**5. Statistics/Reduce paperwork**

- Goal:** To generate statistical data and time sheets for all field agents.
- Objective:** To increase electronic reporting for all field agents to capture work related data and time to reduce the amount of time needed in the office by hand writing statistics and time sheets. Electronic reporting will increase the field agents' time spent in the field to perform core law enforcement duties. By providing accurate statistical information, the Section's ability to manage staff allocation and resources will be enhanced to better serve the public.
- Action Plan:** Continue the use of mobile data terminals for each Officer and seek faster connection speeds and better Signal reception. Each field agent will continue to input information updating the Section's statistical databases, Uniform Crime Reports, and time sheets transmitting information to the Dover Office electronically.

**6. Scheduling of Agents**

- Goal:** Division of Fish and Wildlife Enforcement Agents will be scheduled to provide natural resource and

public safety law enforcement services to the public during peak times of the year.

*Objective:* Division of Fish and Wildlife Enforcement Agents will be scheduled during peak times but will be afforded the opportunity during the different seasons to flex work hours to best benefit the Division and provide law enforcement/public safety services to the public.

*Action Plan:* FY05 schedules and complaint data will be analyzed and reviewed to find a balance between scheduled versus flexible officer time. Management staff will collaborate quarterly on providing each county with priorities and goals to reflect the seasons etc. Each individual agent will have input at the County Staff meetings providing specific goals regarding geographic locations, target species or perpetrator. Special operations and work schedules will reflect county priorities and goals.

## **7. Training**

*Goal:* To provide the citizens of Delaware with a highly trained, competent law enforcement staff to provide fish and wildlife and public safety services.

*Objective:* Enforcement agents will be provided updated training to enhance their job performance and provide career enrichment. The Enforcement Section's Training Manager and Committee will provide relevant training so the staff will excel in the performance of their duties.

*Action Plan:* The Training Manager and Committee will develop and implement a training program that will provide each agent with the knowledge, skills and abilities to improve job performance. The following training objectives are planned:

- Schedule in-service training
- Schedule classes for CAP requirements.
- Schedule classes for COPT requirements.
- Training files will be kept up-to-date and accurate.
- The training program will meet CALEA standards.
- Develop job enrichment curricula for the Command Staff.

- Prepare a mission statement for training with the Training Committee.
- Develop training manuals.

**8. Funding Sources**

*Goal:* To adequately fund the Division of Fish and Wildlife Enforcement law enforcement program.

*Objective:* To seek additional funding to increase personnel and resources.

*Action Plan:* To research and examine additional state and federal funding sources that will not jeopardize the mission of the Enforcement Section.

**9. Homeland Security**

*Goal:* To participate in homeland security issues upon request while not jeopardizing the mission of the Enforcement Section.

*Objective:* To take a secondary response role in homeland security.

*Action Plan:* Monitor and maintain a balance between the Enforcement Section's mission and requests for homeland security details.

# Training

**Enforcement Agents attended training courses ranging from small group in-service training to college level courses this year. In-service training was conducted in February and March. Additionally, newly promoted personnel attended courses to prepare them for their new duties. Seasonal agents attended a training course conducted by the Division of Parks and Recreation and received additional training in Fish and Wildlife Enforcement's procedures.**

### **Training Courses attended by agents in 2005**

Accreditation Updates

<b>Enforcement</b>	<b>\$173,659</b>
<b>Administration</b>	<b>\$44,683</b>
<b>Boat Registration</b>	<b>\$124,384</b>

# **Special Projects**

## **Special Projects**

### **Fisheries Management Plan Operations:**

With funding approved from the Atlantic States Marine Fisheries Commission , enforcement efforts in enforcing laws governing fish and shellfish falling under Federal Fisheries Management Plans were continued. Funds were used to pay overtime for directed enforcement patrols aimed at protecting target species of fish. Special operations involved stake outs of fish nets along the Delaware coast for the taking of undersize fish and creel limits. Commercial Blue Crab crabbers were targeted for size limits this year. The horseshoe crab fishery was not as busy as in past years due to a fall in the price of the crabs. Directed patrols concentrated on illegal taking of fish by recreational hook and line fishermen utilizing fish checkpoints at marine access locations and waterborne vessel inspections.

### **Youth Fishing Tournament:**

Again this spring, the enforcement section sponsored its Youth Fishing Tournament at three locations throughout the state. The tournament was scheduled to coincide with National Fishing Week and the Governor's proclamation of a free fishing day each spring to encourage participation in freshwater fishing. The sites for the tournament were New Castle - Lums Pond, Kent - Wyoming Pond and Sussex - Ingrams Pond. Participants were divided into three age groups, age 4-7, age 8-11, and age 12-15. Prizes donated by local sporting goods and bait and tackle stores were awarded in all categories for largest fish, smallest fish and most fish caught by weight. Catch and release fishing was taught.

### **Season Agent Program:**

During 2005, Sussex County continued its seasonal agent program with two college students working with full time enforcement agents. Kent county continued with two seasonal agents and one seasonal agent was hired for New Castle County. The seasonal agents were trained in radio procedures, report writing, fish identification, certified in CPR and the use of Pepper Spray. They completed a safe boating certification course which included boat handling. Funding for the project was obtained from the general fund budget and the Center for the Inland Bays program (funded two positions). Duties of the seasonal agents included vessel maintenance and operation, traffic control at public launch ramps, surveillance operations, and assistance to enforcement agents.

# **Boat Registration**

## **2005 VESSEL REGISTRATION REPORT**

Delaware had a total of 51,797 vessels registered in 2004. In 2005, 52,119 vessels were registered, of which 5,785 were Personal Watercraft. This represents an increase in total vessel registrations of about .9 % over 2004. PWC registrations increased by 2% over the 2004 figures.

In addition to the Vessel registration office in the DNREC building, contract vessel registration agents total 19 statewide. There are 4 agents in New Castle County, 0 in Kent County, and 15 in Sussex County. In addition to registration agents, the public may now renew their vessel registration online with a credit card.

Outlets for purchasing Public Boat Ramp Certificates total 24 statewide. There are 4 in New Castle, 4 in Kent , and 16 located in Sussex county.

# **Boating Safety**

## 2005 Boating Education Report

### ❑ **PFD / Rules of the Road Awareness Program**

Delaware boating volunteers continued a program to promote the wearing of PFDs and awareness of the Rules of the Road. Volunteers handed out flyers on the importance of wearing PFDs and having a good knowledge of the Rules of the Road. Additionally, Rules of the Road were stressed in boating classes and materials were distributed to marine dealers.

### ❑ **Science Alliance, “What In the World?”**

Delaware has continued its partnership with the State of Delaware Science Alliance program which goes into schools statewide and presents life jacket and water safety presentations to children from first to seventh grades annually.

### ❑ **Delaware Library “Dive Into Reading Program”**

The Office of Boating Education Volunteers presented “Dive into Reading” Life Jackets and Water Safety. Families were signed-up to participate at local libraries and given the opportunity to try on different lifejackets and learn about the issues of water safety.

### ❑ **Fatal Vision / Boating Under the Influence**

Boating classes continued to stress the dangers of operating a vessel under the influence of alcohol. Fatal Vision Goggles were used to simulate the vision one has when under the influence.

### ❑ **Boat U.S. /NMFS Partnership/Pollution**

The Division of Fish and Wildlife Office of Boating Education continued a co-partnership with the NMFS and Boat U.S. Partnership in Marine Conservation. The Office of Boating Education distributed Ethical Angler information crack and peel stickers to boaters fishing in Delaware’s freshwater and salt-water areas. The Ethical Angler program stresses the ideals of responsible fishing and water pollution prevention.

### ❑ **Advertising**

Division of Fish and Wildlife advertised boating classes in newspapers statewide. Repeated this year was the purchase of an insert placed in Delaware News Journal and The Guide reaching 190,000 residents. Also continued this year was the promotion of the Boating Safety Education Program through radio promotion with Public Service Announcements (PSA’s) on WGMD, a local radio station in the coastal area.

### ❑ **State Certification**

**Delaware certified 1,439 boating education students in 2005.** The office of boating education strives to schedule classes to fit the needs of today’s busy society. Our On-line

course was offered through two internet sites maintained by Boat-ED.com and Boaterexam.com. Students can go online to study and, when ready, take the online test and print a boater certification card. The number of students certified online was 506 in 2005. The on-line course is promoted during our public outreach activities.

❑ **Boating Volunteer Hours**

The Division of Fish and Wildlife Office of Boating Education Volunteers teach boating education classes statewide. 3,114 documented volunteer hours were recorded for 2005. In addition to teaching boating classes some volunteers man safety tables, present boating safety presentations to non-profit organizations and the boating public statewide. Volunteers assist with administrative tasks for the Office of Boating Safety and distribute literature at boat ramps while conducting Marine Safety Checks for boating equipment.

❑ **National Safe Boating Week Volunteer Awards Banquet**

The Office of Boating Safety held the annual National Safe Boating Week Awards Banquet honoring volunteers for their work in boating safety. National Safety Congress Awards were given to Delaware's Boating Volunteer with exceptional volunteer hours and programs. Delaware has 468 volunteers.

❑ **Spanish Speaking Volunteer Recruitment**

The Office of Boating Safety continued its Spanish Basic Boating Course. The Office of Boating Education presently has three volunteers that speak and write Spanish. Only a few Spanish boating classes were offered in 2005. To promote the Spanish boating course, radio ads were purchased.
